Let's Taco bout Red Ribbon Week – Mariana Delgadillo

Let's talk about being drug free. Drugs like marijuana and vaping are the two most used drugs. Have you ever asked yourself what are drugs? Well drug is a medicine substance which has a physiological effect when ingested or otherwise introduced into the body. According to the website, linkedin.com it states, "8.2% of 8th grade students say they drank alcohol in the past month. 6.8% of students say they tried marijuana before they turned 13 years old. 5% of 8th graders say that they have used inhalants in their lifetime. 4 out of 5 juveniles who are incarcerated were under the influence of drugs, or alcohol while committing the crimes they were ar-

rested for." You may say, why are you talking about drugs. Well the purpose of Red Ribbon Week is not just to do activities or dress up, the main point is to persuade students to be drug free. We talked with Alan Mendez, a 2nd grader about what he thought Red Ribbon Week was or the purpose of it. He responded, "I think Red Ribbon Week is to get red ribbons." That was a clever answer, but we want you to know what it is really about. We asked a couple of students what was their favorite activity and dress up days. Most of the kids liked the basket game. Of all the dress up days the costume day, which was on Halloween, was their favorite. In conclusion,

Red Ribbon Week is done by many schools in the area like Pixley, Palo Verde, Oak Valley, and Sundale. After reading this article, and summing up the fact that anyone can become a victim of consuming drugs. Stop for a moment, think of all the different ways you can help yourself or someone else. The first thing you should do is go see a therapist, to help you and succeed in life. Or contact [\(866\) 235-4572](tel:8662354572). Remember if you ever need someone to listen to you. You will always have a family member, or a teacher that will always be their no matter what. Remember to **Believe**, **Achieve**, and **Succeed**.

The reality of being famous! - Leslie Magana and Alexia Mendez

You may think that famous people are living the best life, right? Actually they aren't, there are many musicians that suffer from depression for many reasons like the pressure they get from their fans or even haters, they might even have stalkers. Some famous people have times where they wish they

had never become famous due to the fact that they can't live a normal life. Here is one of the reasons why being famous is not fun, when you fail to pay taxes, you go to jail. They also have to invest their money and trust the people caring for their money. Famous people get well known so quick in the streets and they also get

followed around, a whole lot by paparazzi and fans or even have their homes broken into which leads to not feeling safe in their environment. They are targets for crime, kidnapping, and random acts of violence. Being famous isn't all that glamorous.

Our goal is to stop yours - Victor Lopez, Christopher Urena

“Your mom called, you left your game at home.” We’re pretty sure that’s how both Varsity and JV soccer teams felt on November 1, 2019 when they played Pixley Middle School. The final score was 8-1. Tipton with the win. The first goal scored was by Zuriel Cruz an 8th grader. It was scored in less than one minute. Zuriel Cruz, Gonzalo Mora, Sebastian Palomera, Enrique Torres, Jorge Herrera, and Jose Peña all scored at least one goal in this game. The JV boys, lost with a score of 3-1. Donovan Chavez scored the goal for the team. Our next game was against Sundale. The Varsity boys did great with a score of 3-1. Enrique, Zuriel, and Jorge were the teammates that scored the goals. According to Zuriel Cruz, who plays middle for the team, “We thought we were going to beat Sundale by a lot because they lost to Pixley by a lot, and we had already beat Pixley.” The rest of the

team also agreed with that prediction. And they were correct. Our next game was against Oak Valley. The Varsity boys with the win with a score of 8-0. The JV boys didn’t go to the game because they were having a great time at Scicon. Our following game was Pixley for the second time, but it was quite difficult. Pixley came back strong the second time we played them. However we didn’t lose hope. The varsity boys won with a score of 4-2. The JV boys sadly lost with a score of 2-1. The person who scored the most goals was Zuriel Cruz (Varsity) and Donovan Chavez (JV). The boys who participated in soccer this year did great. Regardless of a win or loss. Although we failed today there's always a chance in improvement for tomorrow! We are proud of both JV and Varsity boys and hope that the Varsity boys will lead on and win the Palo Verde tournament!

Scicon - Abraham Payeras, Silvesther Flores

As we got ready for Scicon we asked sixth grade students questions about Scicon. Are you looking forward to Scicon? Most of the sixth graders said that they were actually looking forward to Scicon and they said that

they wanted to get away from their family and their siblings. Did you enjoy Scicon? Most of the students we asked said that it was very fun and wanted to stay at Scicon. We asked different people if they liked the food and some students loved the food and some said that it was okay. Kimberly said, “I really liked the chile verde.” The trails

they went on were Dead Man’s Fall and Sky Trial, Arts and Crafts, Mad Scientist and also Quarts Mine to name a few. Silvesther liked Mad Scientist because, “we got to do experiments and eat popcorn.” Overall all of the sixth graders had a great time, the weather was fantastic and no one got a strike.

Hustle!! - Emma Alvarado

Did you know soccer is the most watched and played sport in the world. Well this article is about the varsity soccer girls. The coach for this year was Ms. Lampe. November 1st was the first game and it was a tie 0-0. The first game was against Pixley. According to Ms. Lampe it was a very entertaining game. The next game

was on November 8th and was against Sundale. The score for this game was 0-2. The next game was against Oak Valley on November 15th and the score was 1-4. Natalie Madrigal scored a goal for us. The next game was on November 19th against Pixley. This game was 2-5, with Jasmine Tejada scoring both goals. Ms. Lampe men-

tioned that the varsity girls have improved a lot on being a family and having each other's back. Also reported by Ms. Lampe, one thing she likes about coaching the varsity soccer girls is that she likes to build self confidence and character. Thank you to all the varsity girls who went to the games and played for our school.

Teamwork makes the Dream work - Ariadna Suarez

Did you know soccer is the most popular sport in the world. On Friday, November 1st, was the first game. The JV girls "did phenomenal," exclaimed Mrs. Burrell when they played with Pixley. The score was 2-0, Tipton Won! The person who scored the first goal was Mariana Delgadillo, and according to Mrs. Burrell she felt happy about it. In fact they scored another goal and it was Lizzeth Gutierrez, she scored the

final goal at the end of the game. I went to interview Mrs. Burrell and inquisitively asked her how her team did this first game and if they improved the other games. Her answer, They improved very much and added that they are very aggressive with the ball. On Friday the 8th it was the second game they played against Sundale

it was 0-0. My conversation with Marianna Delgadillo, "Were you guys aggressive with the ball?" "Yes." The last game that the JV girls played against was with Pixley on Tuesday, November 19th the score was 0-0 and that's when they finished the season. Thank you to the JV players that played for the team.

GOAL! - Marco Lopez and Ashley Sanchez

Brazil is the best right now and then after Brazil is France, Belgium, Spain, Germany, Argentina, Italy, and England.

(thepowerrank.com) Ronaldo is the best player, Ronaldo plays for Portugal.

(www.businessinsider.com)

Lionel Messi is the richest soccer player, ranked number 2. Lionel Messi makes about 40 million a year. Lionel Messi plays for a Spain league. He plays for Barcelona. Lionel Messi started

playing with Barcelona October 7, 2007. Lionel Messi is a right forward. Lionel Messi won el ballon d'or (gold ball). This is Lionel Messi's 6th year winning the el ballon d'or. Lionel Messi won 10 **Champion League**.

Cristiano Ronaldo joined Real Madrid on July 9, 2009.

Cristiano Ronaldo make about 31 million dollars a year. Then in 2018 Ronaldo joined Juventus F.C. Cristiano Ronaldo position is a left forward. Neymar makes

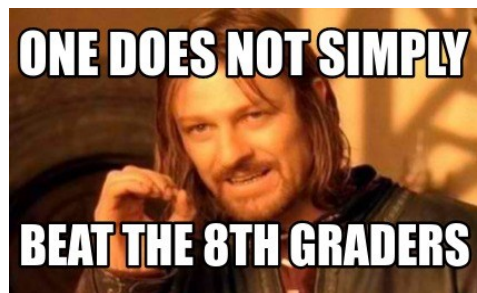

about 36.8 million dollars. Neymar plays for Brazil he is ranked 3rd. Uruguay won the first world cup in 1930. Neymar joined Barcelona on May 27, 2013. Neymar signed a 5 year contract with PSG (Paris Saint German). This is some information about the top players in the world.

Kindergarten vs 8th Grade By: Melanie Martinez, Ayla Draper

Have you ever asked yourself what you wanted to be when your older? Or maybe ever told yourself what you are going to be. Well some younger kids might say a princess or a superhero, but older kids might say a whole other thing for example Christopher Urena said he would love to be a Mukbang YouTuber, than a Kindergartener Alisson Hernandez said she'd like to be an astronaut. Do you see the difference? Most little kids aren't sure what career they should choose so they just say things they know like a doctor or a firefighter. But

what kind of doctor or firefighter? Yet there may also be some similarities between younger and older kids, like some boys may want to be a professional soccer player or a soccer coach. Older kids also think about how they're going to achieve their goal, or what college they're going to go to, but do younger kids say the same thing? For instance, We asked Edward Sanchez an 8th grader he said he wanted to go to UCLA. We also asked Enrique Torres and he said he wanted to go to UCI. What career would you like to have?

HOW MANY ACTIVITIES CAN WE CRAM IN A WEEK!!!!!! - Angel Gonzalez, Giovanni Cortez, and Emanuel Solano

For starters, we have character counts week we celebrate the 6 pillars which are Citizenship, Fairness, Respect, Responsibility, Trustworthiness, and Caring. For each character we do a color to honor the six pillars. Did you know, that character counts week is one of the biggest celebrations in the whole world. People celebrate it because the whole world respects the character counts. At the Halloween carnival we had a lot of booths but the most popular was the

haunted house, the train and the dinner. The dinner actually ran out of rice. A lot of people went to the haunted house and it was the number one most sought after exhibit with kids who were looking for a fright. It was one of the scariest haunted houses of all time. The Haunted House went all out for the Halloween carnival. At the book fair there were so many people going in and out that soon enough they had to set a limit to the number of people being in the library. That seems like a successful book fair.
